

PREMIUM
ENGINEERED
PERFORMANCE

Established in 1967, Capital Refrigeration Services has built a reputation for delivering reliable, high-quality refrigeration solutions to businesses across a wide range of industries.

With decades of experience, we understand the importance of dependable refrigeration equipment that combines performance, efficiency, and durability.

Our comprehensive range of refrigeration cabinets has been carefully selected to meet the demands of retail, hospitality, catering, healthcare, and commercial environments.

Whether you require display cabinets to showcase your products, upright storage refrigerators, freezers, multideck displays, or specialist refrigeration solutions, our products are designed to provide outstanding temperature control, energy efficiency, and long-lasting reliability.

At Capital Refrigeration Services, we are committed to offering more than just equipment.

We pride ourselves on providing expert advice, exceptional customer service, and tailored solutions to help our customers choose the right refrigeration products for their business. Our long-standing industry knowledge ensures that every cabinet we supply meets the highest standards of quality and performance.

As a trusted family business for over half a century, we continue to invest in innovative refrigeration technology while maintaining the personal service and commitment to excellence that have defined our company since 1967.

We invite you to explore our range and discover why Capital Refrigeration Services has remained a trusted partner for commercial refrigeration for generations.

A woman with blonde hair, wearing a black t-shirt and a brown apron, is standing behind a long, modern salad bar. She is using tongs to serve a salad. The salad bar is filled with various fresh ingredients, including leafy greens, diced vegetables, and fruits. The display is housed in a sleek, stainless steel frame with a glass top. The background shows a well-lit grocery store with wooden paneling and shelves stocked with various products. The overall atmosphere is clean and modern.
